Is my House Haunted ?

Don't expect the signs to be this clear.

What is WPARanormal ?

WPARanormal Inc, is a Michigan non-profit, Clergy led, Paranormal Investigation Team, based in Kalamazoo, MI,

it was founded by Certified Paranormal Investigators.

Our goal is to document paranormal activities, with the hope of one day knowing for sure what happens when we pass.

We use the latest scientific equipment to aid us in our investigations.

WPARanormal Investigations has over 15 years of experience doing both indoor and outdoor investigations. We offer:

- ◆ Free discreet evaluations of your home, business or other private property.
- ◆ Free referrals if help is required from another source.
- ◆ Free lectures / seminars on paranormal investigating.
- ◆ Free private ghost hunts for other non-profit organizations.

What Happens if I Call ?

When WPARanormal is contacted we will:

- ◆ Do a detailed phone interview, asking questions that may rule out natural causes for the “haunting”.
- ◆ If further investigation is determined to be warranted, we will interview the client in person.
- ◆ Do historic research for the property and surrounding areas.

What Happens Next?

We will then begin the on-site paranormal investigation*, which will include:

- ◆ A survey of the property with scientific equipment.
- ◆ If requested, a visit by one of our psychics.
- ◆ A group meeting to discuss the data found.
- ◆ A conference between the team leader and client to discuss the findings.
- ◆ Follow-up visits if needed.

During the final conference, suggestions on what to do next will be given, as well as names of people who can aid in those steps.

Some Scientific Tools Used :

- ◆ Cameras: Still and Video
